

Extras 3+5, 4+7, 5+7

Did you know that three plus five e - quals eight? The

same as four plus four we learned be - fore. And that

sev-en plus four e - quals ten with just one more? When you

add them now you'll nev-er have to wait. Now the

last one to be learned is sev-en plus five, smushed to -

geth - er makes a twelve and that's no jive, Now that

you're such a scho-lar, you can al - ways earn a dol-lar. You've

learned all the add-ing facts and now you're done.
